No. 9/1/2013-MIV Dated the, 13.11.2013

To
Shri Susheel Raaja,
E-69, 1st Floor, South Extn. Part-1,
New Delhi – 110049.

Sub: - Information sought under RTI Act, 2005.

Sir,

I am directed to refer to your RTI application dated 08.10.2013 on the subject cited above. It is intimated that in the federal structure of India, Mineral concessions [Reconnaissance Permit (RP), Prospecting License (PL) and Mining Lease (ML)] are granted by the State Governments under the provisions of the Mines and Minerals (Development and Regulation) (MMDR) Act, 1957. However, prior approval of the Central Government (Ministry of Mines) is required under Section 5 (1) of the Act for grant of RP, PL and ML in respect of minerals specified in Parts ‘B’ and ‘C’ of the First Schedule to the Act. Subsequent to the prior approval of the Central Government, mining leases etc are executed by the State Governments with the mining agencies after they obtain all statutory clearances and approvals. In this background, point wise replies to your queries are as under:-

Point No. (i)

The number of prior approvals accorded by the Ministry of Mines in respect of first-schedule minerals (Parts ‘B’ and ‘C’) are available on the website of the Ministry (www.mines.nic.in). As it is the State Governments who ultimately grant mineral concessions after the applicants have obtained necessary statutory clearances, the records relating to number of working mining leases and their lessees are not separately maintained by the Mines-IV Section of this Ministry. Hence, we have no information to supply. You are requested to approach the State Governments in this regard.

Point No. (ii)

Mines-VI Section of this Ministry is being asked to furnish available information in this regard.
Point No. (iii)

Information in this regard is not available with Mines-IV Section of Ministry of Mines.

Point No. (iv)

Applications for mineral concessions (for Schedule-I as well as non-Schedule-I minerals) are submitted by the applicants to the State Governments concerned, who dispose them as per the provisions of the MMDR Act and the Rules framed thereunder. Hence, we have no information to supply regarding number of pending applications with the State Governments. You are requested to approach the State Governments in this regard.

Point No. (v)

Details of pending proposals for mineral concessions with the Ministry of Mines (recommended by the State Governments) are available on the website of the Ministry (www.mines.nic.in).

2. If you are not satisfied with the reply / information, you may prefer an appeal to Shri C.K. Rawat, Deputy Secretary and Appellate Authority, Ministry of Mines, Room No. 312 ‘D’ Wing, Shastri Bhavan, New Delhi within 30 days of receipt of information.

Yours faithfully,

(Amit Choubey)
Section Officer and CPIO

Copy to:-

(ii) Copy to CPIO Mines-VI Section (US (AKK)) – with the request to furnish information in respect of point no. ii to the applicant directly, under intimation to Mines-IV Section.

Sub: Information under the Right to Information Act, 2005.

Dear Sir,

With reference to your application dtd. 08.10.2013 seeking information under the Right to Information Act, 2005 (the RTI Act), received by us on 25.10.2013 from Deputy Secretary & Nodal Officer, Ministry of Mines, Govt. of India, Shastri Bhawan, New Delhi vide letter No. 2/155/2013-Pl dtd. 18.10.2013, as a transfer of application under Section 6(3) of the RTI Act, the information as received from the concerned department is furnished below:

Quote
Q.1: How many mines have been allotted ... .... area, name and quantity of mines & minerals.
Reply: Utkal-E Coal Block in Talcher coal fields of Angul District, Odisha was allocated to NALCO vide Ministry of Coal & Mines letter No. 470111/760/93-CPA/CPAM/CA, dtd. 27.08.2004 for meeting the coal requirement of Unit 9 to Unit 12 of CPP having 120 MW each (copy enclosed as Annexure-I). Total mineable reserve is 67.49 MT having coal bearing area of 526.06 Ha.

Q.2: How many allottees of mines ... .... Please provide the details of each such case.
Reply: Ministry may please reply.

Q.3: How much funds have been spent ... .... Please provide the details year wise and state wise.
Reply: The Company has not spent / allotted / utilized any fund in searching new mines and conducting surveys since 2000.

Q.4: How many mines are yet to be allotted ... .... area wise, minerals / material and quantity wise.
Reply: Pottangi mine was reserved by Govt. of India for a period of ten years vide notification No. GSR No. 314(E) the Gazette of India, Extraordinary, Part-II, Section - 3, Sub-Section(I) dated 27.04.2007. Govt. of Odisha recommendation for prior approval by Govt. of India is awaited (copy enclosed as Annexure-II).

Q.5: How many proposals are pending ... .... Please tell me the details of each such mines state wise.
Reply: Ministry may please reply.

The particulars of the Appellate Authority of the Company under the RTI Act:

Subject: Allocation of Utkal ‘E’ block for captive mining for power generation to M/s. NALCO.

Sir,

I am directed to refer to your letters dated 25.8.99, 9.3.2000, 2.5.2000, 13.9.2001, 16.1.2002, 2.7.2002 and 9.6.2003 for allocation of Utkal ‘E’ captive coal block to meet the coal requirement for the proposed 9,10,11,12 CPP units at Angul, Orissa and to say that your proposal was considered in the 21st meeting of the Screening Committee held on 19.8.2003. The Screening Committee, after deliberating the issue, decided to allocate Utkal ‘E’ block to the company provisionally for prospecting in the block to be done by CMPDIL on payment basis by NALCO. The block has since been prospected in details by CMPDIL. As per the information of CMPDIL out of the geological reserve of 154.45 million tonnes, 84.70 million tonnes of coal reserves has been assessed by CMPDIL as extractable reserves by opencast mining. Therefore, the extractable reserve approximately matches with the coal requirement of 90.6 million tonnes for power generation by NALCO and therefore, the Utkal ‘E’ coal block has been decided for allocation to NALCO. The allocation of Utkal ‘E’ coal block is subject to the following conditions:

i) All coal mined from this block shall exclusively be used by the company to meet the requirement of the proposed 9,10,11,12 captive power plant units.

ii) The setting up of the proposed CPP (9,10 units) has been indicated from July, 2004 to February, 2008.

iii) There should be complete synchronization between the captive coal mining operations and the development of end-use (power generation) plant so that no situation arises where the company is left with coal extracted from the captive block when the end-use plant is yet to be operational.

iv) The coal mining will be done in accordance with the provisions of Mines & Minerals (Development & Regulation) Act, 1957 and Mineral Concession Rules, 1960 and subject to the provisions of other relevant statutes.
v) Allocation of coal block may be cancelled in case of unsatisfactory progress in implementation of their proposed end use project or coal mining project or both.

3. The allocation of the captive block will also be subject to the following conditions:

i) All the conditions imposed by the Central Government while conveying the previous approval to the State Government under Section 5(1) of the Mines and Minerals (Development & Regulation) Act, 1957 for grant of mining lease in favour of captive mining party should clearly form part of the lease deed to be executed between the concerned State Government and the party.

ii) In case the captive block has been offered for washing-cum-end use, the mining lease deed must clearly specify that the beneficiated coal from the washery will exclusively be used for the end use (power generation) as approved by the Central Government and not for commerce or otherwise. Tailings, middlings or rejects, as the case may be, shall be used for captive consumption only by the applicant as approved by the Central Government.

iii) The allocattee would furnish to this Department detailed plan for disposal of unusable containing carbon materials obtained during the process of mining or any process thereafter including washing etc. so as to avoid any need for disposal of the same through sale etc. at a later stage, within 30 days of receipt of this letter or submission of mining plan whichever is earlier.

iv) No coal shall be sold, delivered, transferred or disposed of except for the stated captive mining purpose (power generation) except with the previous approval of the Central Government in writing.

v) Approval of mining plan shall be considered only after financial closure for the end use project is achieved.

vi) Existing coal linkage from CIL/SCCL, would not be disturbed in any way with the coal mined from the allocated blocks. The coal linkage of 2.5 mtpa provided for the TPSs from MCL shall continue.

vii) NALCO shall obtain geological report from CMPDIL on payment of the full cost of the geological report.

viii) Violation of any of the conditions will render the allocation of the block/ grant of the lease as the case may be liable for cancellation.

4. The progress in this regard should be reported to this Department every 3 months from now.
